Aprilmayjune...

After spring break it often feels like time speeds up. The combination of term three busyness along with planning for year end celebrations, and starting to plan for next year's start up, it is a busy time of year. It often feels like April, May and June combine to form one hectic period!

It is also a time where we get to start celebrating the progress that students have made this year. We are looking forward to welcoming all families in for our Parent Teacher conferences on May 6. We hope you mark your calendars and we will have more information in next week's update.

As I mentioned last week, we really appreciate your reminders to students to dress for the weather and to bring a water bottle as this will help them be prepared for the various outdoor activities that are planned. It is also peak allergy season so if your child has allergies then we realize this can be a challenging time. Just a reminder that we can not administer any medications without a plan and a medication administration card which needs to be completed by your physician.

What's happening in a few weeks at Rockheights:
